INVITATION TO THE 25TH TURF MAINTENANCE DAY IN KUALA LUMPUR.

We are pleased to cordially invite you to our 25th Turf Maintenance Day hosted in Kuala Lumpur on 14th May 2024.

At the event we are introducing the TurfBoy TB1 Eco, an economic club version for schools, colleges, universities and clubs. The comfortable and handy ride-on machine is designed for decompacting and brushing artificial turf systems with ease.:

[TB1 Eco Product page](#)

Of course we are presenting our best sellers, the SportChamp and the TurfCare TCA1400 also live on the field. In addition to our most modern machines, we would like to bring the art of artificial turf maintenance closer to you. With these techniques – perfected by SMG for almost half a century – you significantly extend the life cycle of your artificial turf pitch.

We have summarized all the important info for you below:

Registration:
